

Welcome!

NSCPM 2019-2021

Module 2

27-31 January 2020

Turku, Finland

Scandic Julia,
Eerikinkatu 4, 20100
Turku

Responsible organisers

- Outi Hirvonen
- Sanna Maula
- Valgerður Sigurðardóttir

1. Death

- Ethical dilemmas
- End of life decision making
- Medical treatment of the dying
- Spiritual aspects
- Professional well-being in palliative care

2. How to constantly improve palliative care services? - Audit

Methods

- A lot of group work
- Lectures with discussions
- Plenary discussions
- Homework prior to and after the course

Extracurricular programme

- **Dinner** on Monday
- **Sauna + dinner** with a chance to try out traditional Finnish smoke sauna on Thursday
 - Possibly a small fee for the sauna
 - Bring your bathers!
- We will ask about your diet restrictions from the course secretary

Pre-course material

- Letter with information on the programme, venue, accomodation, travelling and pre-course reading
- Links to YouTube material to get tuned in
- You should go through in your mind end-of-life cases that you have found somehow difficult / challenging to you either ethically, communicationally or have you maybe had difficulties with symptom-management?
 - Doing this will help you to get the most out of this module

After the module

- Homework with one or two patient cases - have to be completed to pass the module
